ALTEC LANSING®

MOBILE SPEAKER/HEADSET SYSTEM FOR YOUR MUSIC-ENABLED STEREO BLUETOOTH® CELL PHONE™

TURN YOUR CELL PHONE INTO A SOUND MACHINE

Introducing the Altec Lansing T515 Bluetooth® Speaker/Headset System: The only thing that ever has to come between you and your cell phone. It's a speakerphone. It's a portable stereo system. And a wearable headset with microphone. You can listen to music on your cell phone, hear a phone call come in through the speaker or headset, take the call with the touch of a button, then go back to the music the same way. Bluetooth technology keeps you connected to your friends—even if you're jamming 30 feet away! Until somebody figures out how to wire your cell phone directly to your brain, there's simply nothing better.

(Cell phone not included)

T515

Bluetooth®

For cell phone with stereo Bluetooth (A2DP*) feature only

*A2DP protocol enables the wireless transmission of full stereo sound to other Bluetooth devices. To determine whether your cell phone is equipped with A2DP-enabled Bluetooth technology, consult your cell phone packaging, user's manual, or manufacturer's website.

ALTEC LANSING®

MOBILE SPEAKER/HEADSET SYSTEM FOR YOUR MUSIC-ENABLED STEREO BLUETOOTH® CELL PHONE™
